

Biography (long)

Martin found his way into music early on: at sixteen he founded his first rock band, followed by projects in blues and pop. This musical diversity still shapes his songwriting today—stylistically open, yet always guided by a strong inner voice and the desire to tell stories that move people. After a longer creative break brought on by personal challenges, Martin returned in 2023 under the artist name **Martin Collide**. This new beginning marked a turning point: his songs became more stripped-down, honest, and direct. The acoustic guitar moved into the spotlight, and his lyrics grew more reflective and emotional. Martin’s music speaks of love, letting go, hope, new beginnings, and the search for inner clarity – themes he approaches with great sensitivity and authenticity.

Live, Martin captivates with his calm, charismatic presence and his ability to instantly connect with the audience. He creates intimate moments in which his voice and his stories take center stage. Performances at formats such as Vienna U-Bahn Stars, singer-songwriter nights, and concert series highlight his strength in acoustic, close-up settings. His concerts never feel staged – they feel like an honest conversation, both musically and humanly.

Biography (short)

Martin discovered his passion for music early on, founding his first rock band at sixteen and later gaining experience in blues and pop projects that continue to shape his open, story-driven songwriting. After a creative break, he returned in 2023 as Martin Collide, embracing a stripped-down, honest style centered around acoustic guitar and emotional, reflective lyrics. His songs revolve around love, letting go, hope, and new beginnings, carried by a strong sense of emotion. On stage, he captivates with a calm, charismatic presence and creates intimate moments for his audience – whether at concerts, Vienna’s U-Bahn Stars, or songwriter nights.

Artist Description (long)

Where heartfelt melodies meet life's truths

A soulful unveiling of life's deepest emotions, that's what defines the music of Austrian singer-songwriter Martin Collide. Blending the warmth of folk, the storytelling of country, and the uplifting energy of pop and acoustic melodies, carried by a unique voice that sets his music apart. Martin Collide crafts songs that turn personal reflection into shared emotion, with lyrics that are often melancholy yet delivered through melodies that lift the spirit. Through his music, he shares his personal encounters with life and the transformative power of love.

His musical journey began at sixteen playing in a rock band, before exploring blues and pop and eventually finding his true expression in intimate acoustic performances. After stepping away from music following a personal setback, Martin returned in 2023 under his new name, a musician reborn, transforming life's highs and lows into music that resonates.

Whether performing his own originals or breathing new life into well-known covers, Martin Collide brings a unique blend of intimacy and energy, creating musical moments that speak directly to the heart, from appearances at Vienna's U-Bahn Stars to songwriter nights and other live settings.

Let his music collide with your own feelings and unveil true living

Artist Description (short)

Martin Collide blends the warmth of folk, the storytelling of country, and the uplifting energy of acoustic pop into a distinctive sound shaped by his unique voice and emotionally reflective songwriting. His music transforms personal experiences and the power of love into melodies that balance melancholy and hope. After early years in rock, blues, and pop and a break following a personal setback, he returned in 2023 with a renewed artistic identity rooted in intimate acoustic performances. Whether sharing original songs or reimagining familiar covers, Martin creates heartfelt, close-up moments that resonate with audiences from Vienna's U-Bahn Stars to songwriter nights and other live settings.
